

Figuring Cost Of Street Railway

Mayor Asks Commissioners And Engineer To Estimate What Line Would Cost City

At the city council last night Mayor May fired the first gun in what promises to be the tramway fight when he asked the commissioners and the city engineer to prepare an estimate of the cost to the city of a street car system.

The demand arose out of the application of the Strathcona Radical Tramway for a franchise to install a street railway system in Edmonton with an inter-urban line connecting Strathcona with Edmonton.

The committee appointed to meet the Strathcona Radical officials reported that they had met them and had gathered that their minimum proposition was for a thirty year exclusive franchise. They recommended that the company be asked to lay a definite proposition on the table, including a list of their directors and shareholders, the amount of their paid up capital and a statement of their financial ability to carry out the undertaking. It was also recommended that the company should be asked to post a substantial forfeit or guarantee before the city undertook to enter into any agreement.

In submitting the report with these recommendations, Alderman Griesebach chairman of the committee stated that they had considered it wise to make such provision as would guarantee that the franchise, if granted, would pass into the hands of people who were capable of carrying out the undertaking. The council would have to provide Alderman Griesebach said, against the charter being hawked about the country looking for capital. Last time a franchise had been given it had been carried from one end of the country to the other looking for capital and the fact that the capital had not been found was construed into a sort of black eye to Edmonton.

The report was accepted and the company will be asked to submit a proposition in writing.

In so doing Mayor May stated that the franchise was a very valuable one which the city should not consider parting with before making exhaustive inquiries as to the possibility of constructing and operating the street railway as a municipal enterprise.

"I coincide with that idea," said Alderman Griesebach, and the city engineer and commissioners were asked to prepare a report.

Wonderful Growth

City's Net Assessment Seventeen Million Against Six and One Half Last Year

The city assessor handed in his revised and corrected figures to the city council last night and they show a truly remarkable growth, the assessment for 1907 being nearly three times that of 1906.

The exact figures, as laid on the table by the assessor are:

Total realty assessment.....	\$15,980,242
Realty exemptions.....	710,920

Net realty assessment.....	\$15,269,322
Business Ass.....	\$1,654,071
Income Ass.....	124,380
Income tax.....	\$1,778,458

Total.....	\$17,047,773
Mun. exemptions.....	1,433,407

Net Mun. Ass.....	15,614,366
Public school.....	\$15,270,204
Separate school.....	1,777,569

Total.....	\$17,047,773
The total tax levied last year was	\$115,037.90.

On a 10 mill levy the total tax this year would be \$156,142 on the \$15,614,276 of taxable assessment.

The net assessment for previous years was as follows:

Year.	Net assessment.
1892.....	\$ 673,694.00
1893.....	964,065.00
1894.....	988,950.00
1895.....	1,131,780.00
1896.....	914,761.00
1897.....	768,630.00
1898.....	1,030,858.00
1899.....	1,188,249.00
1900.....	1,244,731.00
1901.....	1,395,912.00
1902.....	1,724,429.00
1903.....	3,208,100.00
1904.....	3,959,648.00
1905.....	6,629,985.00

The total realty assessment of \$15,980,242 is presumed to represent the assessed value of the land of the city alone. No account is taken herein of buildings, improvements of any kind whatsoever, floor space assessment or income.

There is only one appeal against the assessment, that of Killen & Gilbert. They gave notice at last night's council meeting that they intend to carry out their appeal before the street railway secretary stated that he had in compliance with the charter, asked Hon. Justice Scott to set a date, on which the appeal will be heard. Their appeal is with respect to a lot next to the Baptist church on Second street.

Strathcona Fair

Racing Events Absorb all Attention
—Free-for-all Fast Number

The Strathcona exhibition opened yesterday with circumstances very much against it. The weather was not good, a high wind blowing in the early part of the day, and this, together with the fact that the farmers are busy threshing and plowing, accounted for the meagre exhibits and the none too large attendance.

The race program was the interesting feature of the day and a couple of very fair events were pulled off.

The best race of the day was the third race, the Free-for-all, in which there were four entries, Miss Elizabeth, Dan Patch, Silver Tip and Membrino Gift. There were no books and consequently the talent had no opportunity to do its picking, but Membrino was the favorite before the race. The race was no procession, but Miss Elizabeth was the only horse in the race.

In the first heat, Graham, who was driving, drew the pole and kept it all the way. Membrino hung on at his quarter right to the stretch and then dogged and let Dan Patch in second and Silver Tip, who broke in the back stretch, in third. Time 2:31 1-4.

The second heat was as pretty a race as could be seen anywhere. Miss Elizabeth, Silver Tip, and Dan Patch, went around in a bunch. Membrino trailing and finished in that order after a fast drive to the wire. Silver Tip, with Jim Rice up, beat Dan Patch, E. J. Taylor driving, by a head and divided second and third money. Miss Elizabeth capturing the purse and Membrino finishing at the back end of the procession. Time, same as before, 2:31 1-4.

The green race went to Erilwood in two heats, time (unannounced) 2:35 in both heats. Very Willie, a horse belonging to Jim Graham, took second in both heats and Reside's horse, Ruby H. third, while R. P. Ingles, with Lady Elliot, finished last both times.

The half mile open pony race was finest of the day. There were three entries, Tiger Jim, Helen Gould and Elmer Allen. The Elmer Allen horse, a tall horse-jumped looking horse, with a broncho ears and a bad eye, was a bad boy to start, but a demon to go with. He did get started. He had to be nudged before he would go back of the wire and then he would not consent to do anything but stand waiting while the others dashed back and forth in an effort to get a start. When the judge finally said "Go," Allen was off like a catapult and led from start to finish. He led in the stretch and came in in a nice gallop with a show of greater speed had been called on for it. Tiger Jim got second in a driving finish and, with a lighter rider, might have given Elmer Allen a race.

The second heat was in every respect a repetition of the first. Time in both heats, 55 1-4.

The quarter mile pony race was a tame affair. This entry was Black Beas and Dolly with Helen Gould, who had already gone in the half mile run in to get a start. As it turned out, Dolly could not keep in sight of the Black Beas horse and the race was between Black Beas and Helen Gould with the black horse leading in both heats, time 26 3-4.

The last race of the day was the gentlemen's driving race to burgas. The five were eight entries and while it was only for a half, the procession was strung all the way from the three dighs to the wire when the winner came under. The owners entering were Messrs McLean, H. G. McLean, Mayor Taylor, Ingles and McKelvey. Mayor May won the only heat of the race handsomely, his little mare holding her feet nicely and clipping off the half in 1:45 with no trouble whatever. McKelvey second.

The fair certainly was not patronized by the farmers, as there were practically no exhibits of farm products and no live stock. There were a few exhibits of butter, bread, pickles and other articles of domestic manufacture, but really no competition in these things.

Special credit is due Mr. Rice Sheppard for having gone to the trouble of bringing a splendid collection of farm products to the fair to give the visitors some idea of what really can be produced in the district. Mr. Sheppard's collection comprised everything that grows on his farm. There was a fine sample of fully matured sweet corn that was planted on the 26th of May. A sheaf of Banner oats as it dropped from the binder, weighing 15 pounds. Another sheaf of Patast oats was a fine sample with large heavy heads. One head contained by actual count 170 grains. Some large Pur-pie

Will Carry Arms

Railway Employees in Lake Towns Will Carry Weapons at Night

(Bulletin Special)
Fort William, Oct. 2.—The strike situation is more peaceful this evening though the trouble is by no means over. There is still a little shooting and several of the Italian and Greek agitators have been injured by shots from the defending property of the C. P. R. An attempt has been made to force all classes of labor both in this town and Port Arthur, into the strike, but without marked success. Though a call has been sent in for the militia, they have not been ordered out. The men of the C. N. R. have also become involved in the trouble and there is great difficulty in controlling the Italian element. Employees of the railroad companies have been instructed to carry weapons on night duty and any further attempts to damage property will probably result in fatalities.

MAY ESCAPE THE GALLOWES

(Bulletin Special)
Minneapolis, Minn., Oct. 2.—Henry J. Sussman was indicted today by the grand jury for murder in the first degree. He will probably plead guilty and be sentenced to life imprisonment for killing his wife in the Glenwood hotel last Wednesday.

OVER SEAS MAIL ON TIME

(Bulletin Special)
Vancouver, B.C., Oct. 2.—The C. P. R. Over Seas Limited, mail, carrying the European mail to the Orient, arrived here sharp on time this morning and shortly afterwards the S. S. Empress of India left for Hong Kong with the mails and a large passenger list.

Top turnips were excellent, one weighing 14 pounds. Among the articles of the exhibit was a splendid boy of hope which Mr. Sheppard says grows well in this district. A sheaf of Albion Red, onions, parsnips, cabbages of the very best sample completed the collection. If every farmer in the Saskatchewan district displayed the same interest and enterprise in the fair as Mr. Sheppard the agricultural fair would have been filled with as fine an exhibition of agricultural products as the earth grows.

Mr. Hugh Wilson had a splendid collection of potatoes. One variety, the "Early Fock Eye," Mr. Wilson says is the best potato he has ever grown. It is a good yielder and matures quickly. He planted his crop on June 1st, and they were ripe on the 25th of August.

Mrs. W. P. Cameron had a fine exhibit of dairy butter from the famous Cameron dairy herd of Jersey. One exhibit, apparently prepared by a young girl whose name could not be obtained, was a collection of pressed and dried flowers, and was very creditable indeed.

Twenty Thousand Settlers in One Year

Twenty thousand immigrants have settled in the Edmonton district since June 30th, 1905. The majority are Americans with Scotch, English and Irish next in order. From information to hand it is certain a very large immigration from Ireland will take place next year. The Irish settlers are pleased with the conditions and are making it known in the old country.

A large number of inquiries are coming in from New Zealand, asking for rates, and farming opportunities, and a considerable immigration is certain from the Antipodes.

The largest influx of settlers will undoubtedly be from Riverside, and Eureka counties, California. A great many this summer from California have settled in township 28, range 3,

C.P.R. for Seattle

Will Extend the Soo Line to Get Even With Hill

(Bulletin Special)
St. Paul, Minn., Oct. 3.—Positive announcement was made in New York today that the Soo line will build to Seattle. Former Congressman Jefferson M. Levi, the acknowledged head of the Canadian Pacific pool said to a group of newspaper men, "You can state definitely that the Canadian Pacific management intend to extend the Soo road to Seattle." This is the reply to James J. Hill's proposed extensions in Canada and hears out Sir William Van Horn's recent statement in New York to the effect that for every mile of railroad Mr. Hill builds in Canada, the Canadian Pacific will build two in the United States.

CONFESSED TO CHILD MURDER

(Bulletin Special)
London, Ont., Oct. 3.—Rebecca Day, a domestic at a city hotel, confessed to the police yesterday that she had thrown her illegitimate child into a refuse barrel at the hotel. The body was discovered by a young farmer, and was badly decomposed. He did not report to the police but had the body removed to the undertakers.

CONSERVATIVES SELECT A CANDIDATE

(Bulletin Special)
Toronto, Oct. 3.—At Tara today the Nova Scotia Conservatives selected Abraham McLellan as their candidate for the Commons.

LIBERAL BANQUET.

The Liberals of Edmonton will tender a banquet to Hon. Frank Oliver, Minister of the Interior, on Friday next, Oct. 5th, in the Thistle rink. The banquet begins at 8:30. The supper will be provided by the Prince Arthur cafe and Clarke's orchestra of twelve pieces will render music during the evening. The rink will be comfortably heated and beautifully decorated.

The toast list will include: "Senate and House of Commons," replied to by Senators Talbot, DeVeber, Roy and Dr. McIntyre; "Our Guest," Hon. Frank Oliver; "Alberta Legislature," Hon. W. H. Cushing; Hon. W. T. Finlay; "The Liberal party," Duncan Marshall; Dr. Clarke, of Olds, and Dr. Stewart of Calgary.

Distinguished Liberals, including members of the Provincial Legislature from all parts of Alberta will be in attendance and the banquet promises to be the greatest event of its kind ever held in the Province.

One Was Clear

Mr. Borden Declares He Had No Part Nor Lot in the Matter

(Bulletin Special)
Ottawa, Oct. 2.—In connection with Leturg's evidence before the insurance commission respecting the Forsters land deal, Mr. Borden asked for a statement of the matter, replied "I never had the slightest interest in or connection with the purchase of these lands or any other lands in the west of Canada." Messrs. Pope, Fowler, Bennett and Leturg, or some of them told me of their proposed venture and asked me to join them. My discussion of the proposal with any of these gentlemen was during our trip to the west in 1903 before any details of the purchase had been made. The discussion was of a very casual and general character. I was so much occupied with political matters that I gave it very little consideration. I returned to Halifax from the west about the end of October 1903 and on the 7th of the following month Mr. Pope telegraphed to me that he was leaving for the west and on the same date I replied by telegram that I would not take any interest. I never attended any meeting in connection with the purchase, never had any communication with Sir Thomas Shaughnessy or any other railway official on the subject and had no confidential information about the route of any railway. It was never suggested or hinted to me that any funds of the Union Trust Co. were to be used for the purchase and I never heard that company mentioned in connection with it. The proposal made to me was that each person who might become interested should finance his own share."

THREE YEARS EACH

(Bulletin Special)
Berlin, Ont., Oct. 3.—Judge Chisholm today inflicted a severe sentence on Edward Hoffman, St. Jacobs, and George Jacobs, New Dundee, found guilty of seduction. Each was sentenced to three years in Kingston penitentiary.

Sewer Contractors

Get Raise in Price To Improve The Quality Of The Cement

At the city council meeting last night a new phase of the sewer contract came up when Taylor & Bouchier appeared to ask for a readjustment of the price on the grounds that there was room for and had occurred a misapprehension on the wording of the specifications, amounting in the aggregate to a very large total on the entire job.

E. J. Taylor acted as spokesman in presenting the firm's case. He intimated that the specifications called for 7 parts of gravel and sand to 1 of cement but that the engineer's interpretation called for 5 parts to 1.

The difference was in the fact that five yards of gravel will hold two yards of sand, or thereabouts, without increasing the bulk, the sand merely filling the interstices, and one part of cement added to this would still not increase the bulk as the sand and gravel would take up the cement. The cement required therefore to make five yards of material would be 1 cubic yard, whereas they had taken the interpretation that one cubic yard of cement would be sufficient to mix for seven yards of concreting material.

The commissioners had gone into the matter and submitted the following report:

Sept. 28, 1906.
REPORT OF COMMISSIONERS
NO. 146.

Regarding Taylor and Bouchier's contract on sewers, there has been considerable friction between the contractors and the engineer regarding the meaning of the concrete clause in the specifications for sewer work.

The contractors claim that from the wording of the specifications they figured the concrete on a basis of 7 to 1 when as a matter of fact the specifications are only 5 to 1 and which the engineer rightly insists shall be lived up to. The contractors' contention is

SEWER CONTRACTORS
(Continued from Page One)

that by making them put cement into the concrete in the proportion of 1 to 5 they are putting more cement into the work than they figured on and that consequently they stand to lose a very large amount of money if they are compelled to carry out the present specifications without an increase of price. On contract No. 1 from the figures supplied by the engineer this will amount to approximately \$11,222.50 and on contract No. 2 it will amount to \$1,051.20.

We are of the opinion that the contractors did not intentionally figure the concrete at 7 to 1 and that under the most favorable conditions they will not be able to complete the work for the price they are getting. Under these circumstances, and taking into consideration that they have demonstrated their good intentions by bringing in at a large expense the steam shovel, concrete mixers and ditching machines necessary for the proper prosecution of the work, it appears to us reasonable to suppose that some misapprehension did exist in the minds of the contractors leading to the production of a lower tender than the actual cost of material called for in the specifications would warrant, and from the actual experience in the prosecution of the contract as far as it has been carried out we are satisfied that the actual value of the work is in excess of the contract price. We would, therefore, recommend to the Council that it is just and reasonable that an allowance might be made to the contractors of an increase in price equivalent to the figures produced by calculation made upon the basis of the contractors' presumed underestimation, approximately as follows:

10 ft. sewer at rate of 1.48 per lin. ft.
8 ft. sewer at rate of .35 per lin. ft.
5 ft. sewer at rate of .33 per lin. ft.
3 ft. sewer at rate of .16 per lin. ft.
2 1/2 ft. sewer at rate of .11 per lin. ft.
5 1/2 ft. sewer at rate of .32 per lin. ft.
Subject to a test being made to determine actual differences. Should this recommendation be adopted by the Council then stand at:

No. 1 contract \$173,878.70
No. 2 contract 18,976.40
The next lowest tenders received were:

The Builders' Supply & Construction Company.
Contract No. 1 \$180,029.00
Contract No. 2 24,895.00
Total \$204,924.00

Total \$192,855.10
GEO. J. KINNAIRD,
W. J. PACE,
Commissioners.

Mr. Taylor was asked if the work would be proceeded with pending a test showing the exact amount of difference between the two interpretations, on which an adjustment of the price could be figured, and upon his assurance that the work would be vigorously prosecuted the report of the commissioners was adopted.

R. W. Armstrong, of Bertram & Armstrong, marble workers, asked the Council to pass a bylaw requiring commercial travellers to pay \$100 annual tax for the privilege of doing business in the city. He complained that \$4000 worth of tombstones had been shipped into this city in the past year. The matter was referred to the city solicitor.

The request of Messrs. Lesjau & Saunders to put a front and roof on the alley between the C. N. R. store and the Queen's hotel, was referred to the building inspector.

J. H. McMeen, the telephone expert, wrote, stating that he had no man in sight whom he could recommend as capable to undertake the construction of an outside telephone system. The matter was referred back to the commissioners to find a man.

The detailed plans of the telephone building, as elaborated by Architect Macgill, were laid on the table.

J. Crough, who owns property on Rat Creek on Nananook, asked that the ditch be filled opposite his lots. In this connection the commissioners reported that they had secured three options on property between Rat Creek and Pine street for the purpose of widening Nananook to 112 feet, the uniform width north of that point. The matter was referred back, and will come up for discussion at the next meeting.

A bunch of petitions for sidewalk, sewer and water extensions were passed.

The commissioners recommended the purchase of two lots at the corner of McDougall and Kinnaird for an east end fire hall. An option had been secured at \$900 a lot. The matter was laid on the table for one week.

The Canadian Northern

will doubtless have many good towns along its line as it runs through very fine farming districts, but Vegreville will be the best town on its line west of Portage la Prairie, because of the vast fertile territory of rich farming land that is directly tributary to it. Brandon and Portage la Prairie are splendid towns, because they are trading centres of rich farming districts. Winnipeg does not hurt either town, because Winnipeg is a different sort of town; Edmonton will not hurt Vegreville because it is a different sort of a town. Vegreville is seventy-three miles from Edmonton, and Portage la Prairie is only fifty-six miles from Winnipeg. This illustrates clearly the point that we desire to make. Both Vegreville and Portage la Prairie are at a low price, that are very good, and they are bound to advance.

TENDERS WANTED.
Tenders for the steam heating of the Fire Hall will be received by the undersigned up to Saturday, the 6th October. Specifications and full particulars can be obtained on application to the City Engineer.

Sole Canadian Agent

While the young men of Canada, quickly open to modern ideas, at once adopted the Semi-ready system of tailoring, the older and more conservative men soon became as enthusiastic about it.

Way pay \$30 for a well-to-order suit when you can get the same material better tailored for \$20? You may see just how its looks made up before you buy. Semi-ready Suits are finished to measure in two hours after the order is booked. Every suit is fashioned to fit some particular physical type.

Sad Accidents can be Averted
The chapter of accidents that have occurred at summer resorts this season, only say a word in favor of
White Whale Beach
as an ideal safe resort for boating. The beach of this property is on the bay where rowing can be enjoyed in windy weather.
You have access to the Lake proper from the Bay and from this, the choice of all resorts at White Whale you can command a beautiful view of the whole Lake. For particulars see

McIntosh & Chauvin
P. O. Box 240. Norwood Block.

Royal Bank Coming

Will Open In Edmonton In the Near Future. Site Selected

Regina Standard: The Royal Bank of Canada will not open its branch in Regina at the present time, although branches will be opened at Moose Jaw, Calgary and Edmonton forthwith, was the announcement of W. A. Crosby, general manager of that financial institution, to the Standard last evening. At the same time Mr. Crosby stated that the bank would keep its eye on the future of the city and as soon as suitable premises could be secured, the branch would be thrown open.

The only consideration which prevented the Royal Bank from opening up here forthwith was that of a site. Mr. Crosby says he found it impossible to secure a building to rent, and to purchase lots at the present prices being asked was out of the question. In both Edmonton and Calgary he had been able to select sites for the bank without difficulty, and in Moose Jaw a building was to be one of the terms. Mr. Crosby thinks that prices of business real property in Regina are a bit too high for the place. Of course he said, he was assured that the place would have a great future, but at the same time he thought it would have to wait a while to grow up to the values being asked. In Edmonton the idea seemed to be to place the value of residential property away down, while here in Regina the tendency seemed to be exactly the opposite.

Usefulness Gone

Land Transaction Has Put Conservative Members Out of Court

Ottawa, Oct. 2.—The Evening Journal, Independent Conservative, tonight referring to the land deal which Foster, Foster, Pope and other Conservatives were concerned in, says that they severely and says that their usefulness to the party is gone. It describes Chancellor Boyd's position in it as that of the stool pigeon. The whole matter is now being investigated by the insurance commission. Judge Duff took his seat in the Supreme Court today.

Lands Sold Well

Alexander Reserve Strip Brought Out Bids Bidding At Land Office To-day

The Alexander Indian strip advertised for sale at the land office today brought out some very brisk bidding and the lands sold surprisingly well. The lands consisted of a strip two miles wide off the north side of the Alexander Indian reservation. The upset price ranged from \$3 to \$7 per acre, payable one-fifth cash and the balance in four annual instalments. In almost every case the lands bid considerably beyond the upset and there was lively bidding for every parcel. The Indians will realize a handsome return from the sale.

Telegraphic

VILLAGE BURNED.

(Bulletin Special.)

Detroit, Mich., Oct. 3.—Almost the entire village of North Port was wiped out by fire yesterday. The total loss will amount to \$100,000.

ARRESTED FOR POLYGAMY.

(Bulletin Special.)

Salt Lake City, Oct. 3.—President Joseph Smith, of the Mormon church, has been arrested on a charge of living illegally with five wives. The complaint was sworn to by a Mormon deputy sheriff and was served by order of a Mormon sheriff and the committing magistrate is also a Mormon. President Smith was arraigned immediately after his arrest and waived preliminary hearing. He was bound over and released on his own recognizance. President Smith reached here two days ago on his return from Europe. He then learned that an attempt had been made to secure his arrest for the statutory crime in connection with the birth of his forty-third child.

COOKED TO DEATH.

Incennes, Ind., Oct. 3.—Literally cooked alive in a boiler into which steam was turned by mistake Gustave Freund, 30 years of age, lived four hours with his flesh dropping from him in chunks. He remained conscious, arranged all his worldly affairs and bade his family good-bye.

WEDNESDAY, OCTOBER 3, 1936.

THE FARMERS AND THE TARIFF

How grossly the Canadian Manufacturers' Association misrepresented the attitude of the farmers of Canada toward the tariff may be seen by comparing their resolutions with the following representations made by farmers to the Tariff Commission. The resolutions are:

"The preponderating feeling throughout our country amongst all classes undoubtedly is that Canada should encourage its industries more effectively than it has done in the past."

"The farmers from one end of the country to the other, have requested 'increases in the tariff on their own products.'"

At Toronto, on November 13, the whole case in regard to the farmers and the tariff was gone into exhaustively before the Commission by the delegates representing the Farmers' Association of Ontario, and the Dominion Grange. The speakers for the former body were Messrs. James McEwing, Warden of the County of Wellington; President, L. E. Annis, of Scarborough; Vice-President, E. C. Drury and W. L. Smith; the Grange was represented by W. F. W. Fisher. In concluding his address Mr. McEwing said:

"To conclude, the Farmers' Association emphatically protests against any increase in the tariff. They believe any change made should be in the downward direction. They believe further that the British preference should be maintained, and maintained as it was before the change made in 1904. For some time prior to 1904, British woollens were imported into this country under a tariff of 23-1/2 per cent. Since then certain British woollens have been subjected to a tax of 30 per cent. The result of that change was that \$5,000,000 of British woollens were imported, in the fiscal year ending with June last, under the tariff of 30 per cent, which would have come in under a tariff of 23-1/2 per cent, had the preference not been modified. The result was to increase the cost of woollen goods purchased alone in Canada that year by well on to half a million dollars."

"We believe and the evidence submitted shows that the manufacturers could stand a reduction in their present protection. A reduction in the protection which the manufacturers enjoy, would reduce the cost of living to farmers, would thereby aid to agricultural prosperity, and with agriculture prosperous, all other legitimate interests in the country would be vastly benefited."

Mr. W. F. W. Fisher, representing the Dominion Grange, said he agreed in a general way with the previous speaker in the lack of benefit to the farmers from the duty on farm products."

On November 29, the Tariff Commission sat at London, and heard representative farmers of Western Ontario present facts and figures in support of their demand that the tariff should not be increased. The leading speaker was Mr. Thomas McMillan, a representative farmer of Huron county, who said in summing up:

"I think I voice the feelings of the farmers in the following:

"1. That we should have a tariff for revenue purposes only.

"2. That we are in favor of a British preference.

"3. That there is very little protection for the farmer in any tariff."

At Chatham Mr. Thomas Barnes, of Ridgeway, represented a branch of the Farmers' Association numbering 500 members.

"What is the opinion of the farmers you represent on the duty on agricultural products?" asked Mr. Patterson.

"They would wipe them out; they ask no protection. They say all protection is a detriment to the farmer, because there is nobody to pay the tariff unless the farmer pays it himself."

"They believe that the tariff is all charged back to the farmer in the end, so that it is simply dog eat dog. Manufacturers don't care a cent about the revenue, for if they could they would keep out all imports, so that there would be nothing to collect duty on."

"What is your opinion of a duty on fruit and vegetables?"

"I am strongly of the opinion that there is not one farmer in ten that would be in favor of it. While half a dozen of them might benefit, yet there are thousands who would benefit by fruit coming in. The consumer should be taken into consideration." (Applause.)

On November 28, at Guelph, thirty representatives of the farmers of Wellington were introduced by Warden Mc-

Ewing of that county. In introducing them, he read the following resolution passed at a meeting held a short time before:

"The unanimous opinion of the farmers of Wellington, here assembled, is that the tariff is the direct cause of the creation of those combines now under investigation, the object of which is to obtain extortionate profits from the consumers; that the proper remedy for such combines will be found not in criminal prosecution or removal of protection from certain specified articles; that an effective remedy will be found only in the reduction of the whole tariff to a purely revenue basis. We are, furthermore, of opinion that the evidence given before this commission by the manufacturers themselves—evidence which shows that after writing off large sums to meet depreciation of plant, payment of dividends of 8 per cent and upwards—is abundant proof that any manufacturing industry adapted to our country can easily bear such reductions. Certain it is that the farmers, whose surplus is represented in bare wages properly due to their families, should not be expected to continue bearing even the present burdens, and to suggest an increase in these would under existing conditions be an act of injustice."

"On December 4 a representative delegation appeared before the Commission at Winnipeg, and presented the following resolutions:

"At a joint meeting of the executive committee of the Manitoba Cattle Breeders, the Manitoba Horse Breeders, the Manitoba Sheep and Swine Breeders Association, and the Manitoba Grain Growers' Association, held in Winnipeg, the following resolutions were passed:

"Resolved that in the opinion of the executive of the Manitoba Grain Growers' Association, and the Manitoba Live Stock Associations, that the present tariff on dutiable goods be reduced to a revenue tariff of an average of 17 per cent. That all goods at present on the free list be retained thereon, with the addition thereto of all kinds of lumber. That in consideration of this reduction to a revenue tariff, we are willing to have all agricultural products placed on the free list."

"Resolved that the existing British preference be amended by reducing the full 33-1/3 per cent on all woollen goods, and that the preference as thus amended be maintained."

At Brandon a few days later some one hundred and twenty members of the Grain Growers Association, coming from every part of Manitoba and representing fully the agricultural interests of the province, appeared before the commission and submitted the following resolution from the Grain Growers Association:

"First, that we are resolutely opposed to any increase in the customs tariff as asked for by certain manufacturers; second, we urge that the present free list be extended by the addition thereto of dressed lumber, all fence wire, cement and gasoline, and that the duty on all agricultural implements, cotton and woollen goods be very materially reduced. That the preference on all British goods be restored to 33-1/3 per cent, and that we are willing to have all agricultural products placed on the free list."

At Edmonton, on December 12 last, the Alberta Farmers' Association, presented to the Tariff Commission a memorial which closed as follows:

"Therefore the members of the Alberta Farmers' Association, while willing as farmers to bear whatever burdens the interests of the Dominion require, are not willing to bear burdens beyond those required by the interests of the nation merely for the enrichment of those engaged in other and less important industries, and are in favor of such a gradual reduction of the tariff as will result in a tariff for revenue only."

At Regina a few days later the Grain Growers Association of Saskatchewan presented the following resolutions:

"1. That we are strongly opposed to any increase in the tariff on the lines as proposed by the Manufacturers' Association.

"2. That we are decidedly in favor of the tariff being adjusted for purely revenue purposes by a large reduction of the duties on agricultural implements, especially threshing machines, woolen and cotton goods, dressed lumber and other articles of prime necessity to the people. And, if necessary the imposition of moderate duties on such articles now on the free list as may be necessary to make up the necessary revenue without imposing a special hardship on the consuming population of the country.

"3. The imposition of a duty on rough lumber would be a great hardship on new and poor settlers, without being of any appreciable benefit to the public revenue.

"4. That in order to further the unity of the Empire, we would suggest that all possible extension be given to the preference on goods imported from Great Britain.

"5. That there is no more reason for giving a bounty to iron and other manufactures than there is to giving a bounty to wheat growers and we are strongly opposed to the bounty system which is altogether in favor of a few large corporations.

"6. That an import duty on agricultural products is of no material benefit to the farmers of Western Canada, and we would prefer that they be removed from the tariff altogether, rather than they should be used by the Manufacturers' Association as a reason for an increase of duties in their favor."

Where, in all this battery of representations made by the farmers themselves, direct to the Tariff Commission can the manufacturers find reason for the conclusion: 1st, That the farmers favor a "more efficient" encouragement of industries, or 2nd, That the farmers demand an increase in the tariff on agricultural products? Unless we sadly misapprehend the meaning of our mother tongue the reasonable conclusions are: 1. That the farmers think Canadian industries are encouraged quite "effectively" enough; and 2. That the farmers have no more faith in the benefits of a tariff on agricultural products than they have in a duty on moonshine.

Inspected The Land

Transferred to the Dominion By the
B. C. Government

(Bulletin Special)

Athabasca Landing, Oct. 2.—Professor W. P. Robertson, who was sent in by the British Columbia Government to explore and report on the mineral resources of the territory transferred to the Dominion Government, and of which Mr. MacDonnell gave such glowing accounts some time ago, arrived here last night by boat from Lesser Slave Lake having left Victoria on July 12. Going by Ocean steamer to Fort Eslington from there he went by Hudson's Bay steamer to the Skeena River to Hazelton, taking pack trail to his north end of Fabina Lake, going by canoe from there to the south end of the Lake, about one hundred and seventy miles, crossing a short portage to Stuart Lake, passing down the Lake to Fort St. James, a H. B. post situated near the mouth of the Stuart River. From there to Fort McLeod on the Parsnip River, the trip was made overland. From there they made the trip by canoe to the Peace River crossing a distance of about eight hundred miles, crossing over land to Lesser Slave Lake, where they again took boat for this place. He is very well pleased with what he has seen, and left at noon today for Edmonton.

He is accompanied by Mr. J. Fielders, who came in from the north after an inspection of the government roads around Lesser Slave Lake and Peace River.

Mr. Theodore Revillon and party left this morning for Lesser Slave Lake. The steamer "Midnight Sun" is now up at Little River, with what is supposed to be the last trip of the season.

STRATHCONA HOSPITAL DONATIONS.

Strathcona, Oct. 7.—Miss Dickson, the matron of the Strathcona General Hospital desires to thank the following ladies and gentlemen who so kindly sent gifts during the month of September:

Mr. Sutherland, lettuce and magazines; Mrs. Henderson, flowers and two quarts of honey; Ladies' Hospital Aid Society, six bath robes; fruit by Mrs.

Shields; fruit by Mrs. Daly; Mrs. Durrand, bushel of tomatoes, potatoes and other vegetables; Miss Pierce, tray covers; Mrs. Dacre, one quart of plums; Ladies' Hospital Aid Society, six night shirts; A Friend, 13 ox tails, 13 ducks, 2 hens, 2 dozen eggs.

The following contributed flowers: Mrs. J. G. Tipton, Mrs. H. Wilson, Miss Lillian Tipton, Mrs. Gainer, Miss Sharkey, Mrs. (Dr.) Green, Mrs. R. Ritchie, Miss Campbell and Presbyterian Christian Endeavor.

ENGINEERS' EXAMINATION

Strathcona, October 1.—The returns are just to hand of the result of examination for engineers' certificates, which was held in the Town Hall, Strathcona, in August. Mr. David Fraser, Provincial Boiler Inspector, was the examining officer, and of the seventeen candidates who wrote, thirteen were successful and four unsuccessful.

The following are names of successful candidates: David Everts, Strathcona; Sam. D. Lindsay, Strathcona; James Chabot, Edmonton; Herbert Pallot, Edmonton; A. J. Nicolls, Edmonton; Charles Job, Strathcona; August Minco, Strathcona; Larry Garneau, Strathcona; George Maxfield, Napanee; William Mead, Edmonton; Minor Bates, Strathcona; Wm. A. Hendry, Edmonton; and A. M. Hall, Morinville.

TRAINMEN ARRESTED

(Bulletin Special)
Guelph, Ont., Oct. 3.—As a result of finding of the coroner's jury last night in the onruck collision near Guelph, in which Engineer Farley was killed, Conductor Thompson and Engineer Reed have been placed under arrest.

STILL NEGOTIATING

(Bulletin Special)
Winnipeg, Oct. 3.—The machinists of the Canadian Pacific Railway are still engaged in their negotiations with the company regarding the terms on which work is to be done during the next year.

Building New Mill

John Walters has 20 Men at Work

Today on Plant at Edmonton

Flats

Twenty men are working this morning at the foot of First street, on the new mill which John Walters proposes to build on the property between Walsh and First streets and the river.

In the city council last night a letter was read from Brock, Emery & Newell acting as solicitors for John Walters, asking that Donald street, from Walsh street to the river be closed and that he be allowed to use it for mill purposes.

Mr. Walters did not ask for the closing of Walsh street, as reported yesterday, but only for the lower end of Donald street.

The city council granted the request, resolving to lease the piece of Donald street, required at \$10 per annum as long as it was used for mill purposes.

One of the aldermen remarked at the council last night that the men employed at the mill would probably live in Strathcona. Seen this morning, John Walters refuted this statement. He says that the Edmonton mill is to be an institution separate altogether from the Strathcona mill. He will employ from 70 to 100 men and they will live in Edmonton.

G. T. R. EARNINGS INCREASED

(Bulletin Special)

London, Oct. 3.—The half yearly report of the Grand Trunk Railway has been issued, and a dividend of four per cent recommended. There was an increase in the net revenue.

NELSON MURDER CASE

(Bulletin Special)

Nelson, B.C., Oct. 3.—The trial of Loughlin Bruce, for the murder of Hugh Mcarvey, C. P. R. night watchman at Creston, on September 4th, was opened here today before Chief Justice Hunter.

FURS RELEASED

(Bulletin Special)

Toronto, Oct. 3.—The department of public works seized a number of beaver and other skins belonging to the Hudson's Bay Co. It has been proved that the animals were caught in Keweenaw and were outside of the authority of Ontario, but were merely in transit to London. The case was dismissed.

The SPORTING World

Gotta-De-Man

George the Greek, Wants to Wrestle
for his own Money and no Other

George Carlos a Greek wrestler from Aberdeen, Wash., struck town yesterday. He is out to hang a few hiles on the fence and is not particular who or how much.

George is out with a fine def. "I gotta de man," says George, "I wrestle any doze boys."

The Greek says he will wrestle anyone but wants to wrestle for his own money and no one else's. He does not want to be bothered going on for gate receipts or anything small. He talks about taking on Downs or the winner of the Downs-Alin match for \$500 a side and says the date cannot be too soon.

The Greek has a good record back of his talk. He weighs 175 pounds and has the build of his classic countrymen. He kept Gatch going on one occasion for one hour and 45 minutes; and put Dan McMullan to the bad altogether. He has met and defeated a whole list of minor wrestlers and claims that he is not afraid to meet anything short of a national champion.

Warm Preliminary

Jenson Will try to put Blatchford
Down Three Times in an
Hour

A warm preliminary is promised for the Downs-Alin match on Saturday night. The main bout will be undoubtedly draw largely, the preliminary will be a good one, Jens Jensen undertakes to throw Kenny Blatchford three times in an hour, and Blatchford has his order.

So far Blatchford has been getting handicaps pretty nearly all through, and the wrestlers have apparently all taken him on the understanding that he was easy. It generally takes them until sometime the next day to discover that they are off their trolley. While Jensen is a fast man it looks as though he is another victim of misplaced confidence or he would not have undertaken to put Blatchford to the mat every twenty minutes for an hour. The boys will watch the event with considerable interest.

AFTER A CHARTER (Bulletin Special)

Prince Albert, Oct. 3.—The W. S. West company has applied to the town council for a twenty year franchise for a street railway. They will also agree to supply power for light and heat. The council is waiting to hear from other parties.

Mark Nelson Coming

Will Meet Watty Watson in 20 Round
go on October 15th

Under date of yesterday Mark Nelson telegraphs from Minot, N.D., that he will take on Watty Watson for a 20-round glove contest for points in the Thistle rink here on October 15th. He will train in Minot and will arrive in Edmonton about the 13th.

Mark Nelson met and defeated Watson in Calgary last winter in a 20-round go and has since been sparring in Dakota and Montana. He is fast and scientific and a match between him and the Calgary boy will make a good exhibition. A good purse will be raised for the event.

The details have not yet been fixed, but good preliminaries are being arranged for and a good entertainment is promised.

Strathcona.

Strathcona, Oct. 2.—The regular monthly meeting of Strathcona town council took place last night in the council room.

Mayor Sheppard presided, and councillors Douglas, Elliott, McFarland, Cowles, McKenzie and also Engineer McLean, electrical chief, Mr. Frank Holson and the representatives of the press were present.

Councillor Richards was unavoidably absent.

Secretary Downes submitted the minutes of regular and special meeting, which were approved. A list of communications were then dealt with. A letter from the Great West Sundry company re belting was remitted to committee. A communication from United Metal Co. was filed.

The letter from Mr. N. D. Mills regarding Mr. Correy's cow for which \$10 damage was claimed, was held over.

It was stated that the C.P.R. agreement had been returned by R. R. Jamieson and this was filed. The communication from Mr. Blain, secretary of the Board of Trade, requesting the council to take some definite action regarding the obtaining of a city charter for Strathcona was again filed.

The department of agriculture's notice regarding weeds was also filed. The accounts of the Electric Light department came under survey and after discussion it was resolved on the motion of Councillor Cowles to refer the whole matter to the finance committee and to report at the next meeting.

A communication from the Canadian Pipe company was filed. A large number of accounts were submitted and authorized to be referred to their several committees and paid.

The council held a long discussion regarding petitions for new sidewalks, and a new petition was presented by Mr. S. Q. O'Brien. After considerable deliberation the council on motion of Councillor Douglas referred these pe-

titions to public works committee with power to act.

Councillor McKenzie reported on coal contract with W. E. Ross.

Councillor Douglas said he would like to bring before the council the advisability of securing an engine indicator, which would cost between \$60 and \$80, and also the necessity of two distributing switch-boards and all the necessary instruments in connection therewith for the new electric plant at the power house.

Mr. Frank Holson, the electrical chief, who was present, supplemented what Councillor Douglas had said, stating that an engine indicator and two distributing panels were an absolute necessity both as regards safety and also regarding the efficiency and economy of the electrical department at a future period.

Councillor Douglas: This matter was brought before the fire, water and light committee, but he thought it better to have the feeling of the council on the subject.

Councillor Elliott: Now is the time to put the electric plant in a proper and efficient condition.

Mayor Sheppard said while agreeing with everything that was said regarding these additions, he thought the council ought to secure an estimate of the probable cost.

Mr. Holson: The cost of installing this extra machinery would not amount to anything, as Mr. C. Kent, the electric expert, had agreed to supervise this extra installation without any cost whatever.

Ultimately on the motion of Councillor McFarland and seconded by Councillor Douglas, Engineer McLean and Mr. Holson were empowered to get the probable cost and report at the next meeting.

Tenders were submitted from local contractors for the construction of a hose tower, the plans of which show a height of 56 feet. After consideration the tender of Messrs. Davidson & Co., Strathcona, at \$670, was accepted, the work to be completed in three weeks.

The advisability of more accommodation at the Strathcona General Hospital came before the council. Councillor Elliott said he had had a talk with Mr. Barrie upon this subject, who recommended the council to build a six-roomed cottage. Some discussion thereafter took place, but the matter was left over.

Secretary-Treasurer Downes stated to council that owing to an increased amount of work he had to cope with, he strongly advised the council to appoint an assistant under him. This matter was on Councillor Cowles's motion, remitted to finance committee, the salary not to exceed \$75 per month.

The question of appointing a milk inspector was referred to health and relief committee.

A special meeting of the council took place last week regarding the C. P. R. high level bridge. The meeting came to the decision to instruct Hon. A. C. Rutherford and Dr. McIntyre, M.P., to make representations in the way of obtaining a grant for Strathcona from the Provincial Government for the construction of a high level bridge between the two towns.

Winnipeg Free Press:—Winnipeg has still among its old-timers some who are proud of having seen and known here the late Joseph Whitehead, engineer, who was on the first railway passenger train that ever ran in the world. This city has been honored with the presence of others whose names should be held in remembrance, not because of accidental associations but because of the work they have done for the good of humanity. One of the makers of history in north-western Canada is now spending the evening of his days in Winnipeg at his modest residence, 57 Macdonald street, venerated by those who know him and his life's history, but personally unrecognized by thousands who have formed part of the recent influx of population to the west. His active years were chiefly spent near and within the Arctic circle, the Yukon, the Klondike, and other districts whose names go down in the annals of the world, which were traversed by him in the long ago; and he saw the yellow particles in the sand years before they attracted the greed of the white man. While telling of the remote life he became more and more a stranger in the place of his birth, his boyhood and early manhood, as it grew to be a city and changed its name to Winnipeg and now in the feebleness of his advancing years and frequent ill health, he is seldom seen in public, and he doubtless feels, to twist a passage of scripture, that while he is in the world, he is, in a sense, not of the world.

BIRTH AND EARLY LIFE

The Free Press is pleased to present to its readers in this issue, once more a view of the features of Ven Robert McDonald, archdeacon of Mackenzie River, Church of England, and to present its congratulations on his recovery from his recent illness. He has had the sincere sympathy of many friends, not only in this illness, but also in the sad bereavements which he has suffered within the past year, in the death of his eldest son at Christmas and his eldest daughter, who passed away on July 19.

A sketch of Archdeacon McDonald's life cannot fail to be read with interest at this time by those who know him best, as well as by those who are less familiar with the mission work of the Church of England in the Far North. His father was the late Neil McDonald, a native of Inverness, Scotland, one of the explorers under Sir John Franklin; and his mother's maiden name was Anne Logan, daughter of Robert Logan, of Inverness, Scotland, at one time governor of Assiniboia. He was born at Point Douglas, now a portion of Winnipeg, Nov. 7, 1829. He was educated at St. John's college, under the late Bishop Anderson; he was a scholar of the foundation, and was afterwards elected an honorary fellow of the college. He was ordained deacon, in December, 1852, and priest in 1853. He was first stationed at Church Missionary society missionary at 15-lington, Winnipeg River. In 1862 he was selected to establish a mission at Fort Aux Liards, Mackenzie river district; but he proceeded instead to Fort Yukon. In 1871 he was removed to Porcupine river and in the next year to Peel river, where he labored until 1894.

LABORS AT AND FROM FORT YUKON
 Proceeding in 1862 from what was then called the Red River Settlement to Fort Yukon, Archdeacon McDonald labored there among the Indians who were composed of numerous tribes and who annually assembled in the summer at that fort for the purpose of fur-trading with the Hudson's Bay company. During his stay there of eight years, the Indians in the surrounding country were visited both in winter and in summer. Thousands of miles were traversed annually, either in canoe or boat in summer, and on snowshoes in winter. In 1865 scarlet fever spread among the Indians and many of them were carried off by the disease. At first only infants were baptized, but after four years the adults gave such evidence of their belief in and of their acceptance of the truths of the gospel that it was considered advisable to examine them when they assembled at the Fort for purposes of trade. Having found that they had an intelligent understanding of what they had been taught, the archdeacon administered baptism to them, not only at Fort Yukon, but along the line of travel from that fort to the fort of the H. B. Co. on Bell river, a tributary of the Porcupine and the Indians across the mountains at Peel river, when it was found that the number of baptized men, women and children amounted to about 700. From Fort Yukon tribes of Indians were visited about 450 miles down the Yukon at the conference of the Tanana, where gold was afterwards found. This river is not so large as the Yukon. It takes its name, as the word implies, from the glacier mountains. At first the natives held themselves aloof from the missionaries, but after three or four visits all gave in their adhesion; over one hundred of them received baptism, and the following year about three

hundred more. These tribes had to be addressed through an interpreter, one of themselves who could speak the language of the Tukudn, the people among whom the missionary resided. It was a delight to witness the welcome with which the missionary was received. When he first went among them, in 1874, their medicine men had heard of a missionary being at Fort Yukon, and they did not like to lose their power over their fellow countrymen; so they warned their people against receiving him. The result was that there was a feeling of terror when they first saw the missionary. But on his second visit when he was on his way to the trading fort of the American Trading company, he met about fifty canoes they had just left the fort and were returning to their own country, but as soon as they heard that the missionary had come, they at once cheered and discharged their guns as a welcome, and all returned with him to the fort, where they remained as long as he could be with them, some three or four days. During that time many of them learned the Lord's prayer, the ten commandments in brief, two hymns and the apostle's creed. The officer of the trading company received the missionary into his house and offered him a free passage to St. Michael's, Norton Sound to which place the stores for the fur-trade were brought from San Francisco. The missionary took advantage of this offer and the officer allowed him the privilege of addressing the Indians for two or three hours. All the tribes who met on the banks of the river. As the boats neared the different camps of Indians on the way the boatmen called out that the minister was with them in the boat. At once then they were all made to assemble. Afterwards the boatman gave out a hymn and at once began singing, and then they were taught a short prayer which had been translated into their language. Both the hymn and the prayer were acquired in a short time.

MEETS WITH ESKIMO

When he came within 300 miles of the Pacific the archdeacon met with several camps of Eskimo, but was not able to address them through want of an interpreter. After arriving at St. Michael's he was glad to find that two or three of the officers of the trading company were willing to assist him with the language, and through them a hymn, the ten commandments and a short prayer were translated. One of the officers also kindly assisted him in speaking to the Eskimo.

PORT YUKON ABANDONED

In 1869 it was found that Fort Yukon was in the territory of Alaska which had been purchased by the United States, and the Hudson's Bay company had to remove what they considered the boundary line, 141 west longitude, Fort Yukon being in 144 degrees 10 minutes. This occurred in 1870. In 1871 the H. B. Co. suspected that its trading post was still in American territory, and found it advisable to destroy it. That same year Archdeacon McDonald removed to Peel river, established his quarters there and made it his mission station.

GOSEPEL, ETC., TRANSLATED

In 1872 Archdeacon McDonald proceeded to England with a translation of the Gospels, of the Epistles of John, portions of the prayer-book and two hymns, to have them printed. The following year he returned to Peel River, arriving in 1873, leaving the work of printing to be completed by others. Two years afterwards the books reached his mission. Previously they had been taught a syllabary formed in Roman letters so that when the books came, they were at once put into the hands of those who had learned the syllabary, and in a short time they were able to read the books for themselves. One of those who had not previously learned the syllabary had an opportunity afforded him by the missionary visiting the trading post which he frequented. Happening to come in while the missionary was there, the two days he learned the syllabary, and within two months, when the Indians of that trading post assembled for the purpose of fur trade, he was able to read to his people the Gospel of St. John.

After his return to the mission station, the missionary work was carried on in the same way as before, by visiting the Indians of different camps as far as the Yukon in winter and in summer either those of the lower or of the Upper Yukon. Ten years later the archdeacon had completed the translation of the whole of the New Testament and the book of Common Prayer, and many more hymns. Ill health then necessitated his obtaining medical aid and a change, and he returned east for three years, which interval he improved in editing these translations printed. The length of his absence was increased by delay caused by the outbreak of 1885, known as the Northwest Rebellion. He attempted to reach his mission, but after going as far as Fort Edmonson he found it advisable to return to Winnipeg. In the course of the following winter he translated the book of Psalms and had his translation, 250 copies printed in this city. As the translation was finished in February the time was so short to go to England for the printing, hence the work was done here at a cost of \$60. The translation was finished in February 1895. The archdeacon's chief health kept him from the minutiae of this printing but gave him. Returning to Peel river in 1886, ten years more were devoted to the work and then the missionary suffered another severe illness, which necessitated another return east. He was then able to bring with him the whole of the Old Testament translated; and then three years later he returned to the great satisfaction of seeing back to his mission station again, in 1890, with the whole Bible printed in the language of the people for whom he had labored so long, together with the prayer book, many hymns and other. In 1894 he returned to Winnipeg, and last year the church missionary society considered it advisable that he should retire from the mission work.

LOCAL ITEMS

—The Dominion Bank will be open for business on Saturday evenings from 7 to 9.

—At the Hotel Cecil to-night Clark's orchestra will play at dinner between six and nine.

—The Union Bank will be open for business on Saturday evenings from 7 to 9 p.m.

—The C.N.R. fruit store has been improved with new windows and a coat of paint.

—Miss Carruthers, of Toronto, has recently arrived in Edmonton and will open up an art studio on Jasper avenue, corner of Eighth St., on October 10th.

—Mr. and Mrs. John A. Baker of Wavy Lake were in the city yesterday. The country around Wavy Lake is filling up rapidly.

—Mr. C. W. Marshall, manager of the retail store of Revillon Bros., was a visitor at the Strathcona fair yesterday afternoon.

—The curling club meets in Henry Fraser's office tomorrow evening to consider the purchase of a site for a rink.

—R. D. Tucker, of the 99 cent store, has leased the new building that is being erected by Larue and Picard on Jasper, and will establish an automatic venders which will contain machines amounting to \$3,000.

—The marriage of Mr. Wilfrid Smith and Miss Lillian Watt, took place today at 12 o'clock at the home of the bride's parents, Second St. Rev. Dr. Hiddell, principal of Alberta College, performed the ceremony.

—The Liberal executive met in the Young Liberal club rooms this evening at 8 o'clock. All having banquet tickets for sale, are requested to be present.

—D. P. McCall, deputy minister of education for Saskatchewan, is in the city today and conferred with Deputy Minister Mackenzie on educational matters.

—Tickets for the banquet on Friday evening may be procured from Messrs. R. J. Manson, P. E. Lessard, Geo. McLeod and Jas. McKinnon or other members of the Liberal executive or the executive of the Young Liberal club.

—Dr. Clendenan, provincial health officer, is expected home tonight after a trip with Mr. Moore in the south country in the anti-tuberculosis campaign. Dr. Moore will lecture in Edmonton on Saturday evening.

—Larue and Picard have begun alterations on their store. They are fitting it up as a wholesale liquor store for the Edmonton Wine and Spirit Co. The upstairs will be fitted up as offices. There will be 22 rooms heated with steam and modern in every respect.

—The building operations on the new Neilson block are being delayed owing to three cars of steel being lost in transit between Hamilton and Edmonton. Part of the steel has arrived but the rest cannot be located yet. The building was to be completed by November 1st.

—M. Manual returned this morning from a business trip, having secured control of the Brady goods, Buick and Ford Motor Co. for the province, and will be in a position to handle the wholesale trade in the auto lines. This makes another addition to Edmonton's wholesale businesses.

—The C.P.R. announces a rate of \$25 from Strathcona to New Westminster or Vancouver in connection with the provincial exhibition at New Westminster. Tickets on sale Sept. 23 to October 3 and good to return until October 11th. Tickets at correspondingly low rates from other Alberta points. For further particulars apply at the local ticket office.

—The Calgary Albertan publishes the following dispatch: "Edmonton, Oct. 1.—Colonel Fred. White returned tonight from Dawson. He says the mounted police will be reduced from 200 to 120, which will be sufficient for the district and will in no way impair the efficiency of the force." Colonel White was not in Edmonton on the date mentioned, and has not been here since his return from Dawson and is not expected at any early date.

—Rennie's Dancing Academy will be opened about the 11th of October in apartments that are being fitted up over the new warehouse lately built by Mr. Watts immediately north of the old Hudson's Bay store on Third street. The dancing hall will be 100 feet long with rear apartments for serving refreshments and ladies' and gentlemen's dressing rooms on one side.

—Mr. R. DuPlessis has organized a band in the city, called the Edmonton brass band. Their first appearance in public was on Monday evening at the opening of the Hotel Cecil and made a very favorable impression upon the public. The band contains 3 clarinets, a cornet, 3 trombones, 2 altos, 2 brass horns, a baritone and 2 drums.

The members of the band are Messrs. R. DuPlessis (leader), Thos. Girard, Thos. Dronin, Jos. Lapointe, Alex. Viente, Joe Blair, Arthur Dussault, Geo. Young, William Bryan, Leo Prevost, L. Letourneau, Geo. Girard, H. Paradis, A. DuPlessis.

The band has been practicing all summer in a house secured for the purpose on Fourth street.

SOCIAL AND PERSONAL

Miss Strong, of Carleton Place, Ont., is visiting her brother Dr. O. F. Strong.

Mrs. R. H. Knight will receive for the first time at her home 338 Eighth street on Friday afternoon, October 5, and afterwards the first Friday.

James Henderson and wife of Fort Saskatchewan are in the city and staying at the Alberta.

Bishop Reeves, of Athabasca Landing, passed through the city yesterday on his way to Toronto. He left by the C. N. R. and will return in about a month.

Thomas Crawford, M.P.P. for West Toronto, in the Ontario Legislature was in the city yesterday and registered at the Windsor. He left for the south this morning.

COADJUTOR BISHOP RICHARDSON.

(Bulletin Special.)
Winnipeg, Man., Oct. 3.—Canon Richardson, rector of Holy Trinity church, St. John, N.B., has been appointed coadjutor bishop of Fredericton with right of succession. Bishop Kingston being old and infirm, he will at once assume all the duties connected with the bishopric. Canon Richardson is a graduate of St. John's College, Winnipeg, and former rector of St. Luke's parish here. He is well known in church circles in western Canada.

ALBERTA COLLEGE

The Alberta College's eight singing and ear training classes under Mr. C. H. Christolm began, Tuesday evening under conditions that already insure success to this important branch. Friday evening's lesson will begin with an illustrated lecture on the evolution of the modern scale from Nature's scale, the scale that preceded all music as we understand it.

HOUSE TO HOUSE VISITATION

Last Thursday evening a committee was appointed at a meeting in the Baptist Church to make arrangements for a house to house visitation on behalf of the various churches. The plan is to divide the entire city into districts over which, chairmen will be placed. These districts are then to be sub-divided into as many smaller districts as may be found convenient and a sub-chairman placed in charge of each one. These chairmen and sub-chairmen are under the direction of a committee, consisting of representatives from every Church and religious organization within the bounds of the territory to be visited. Every home is to be visited on one day as nearly as practicable.

The visitors to the different houses are the volunteers from the various Churches, Sunday Schools and Young People's Societies represented in the community, secured by the pastor and Sunday School superintendent, none being taken who are under sixteen years of age.

They are sent out in pairs, each pair, if possible, representing two denominations. A specific territory is assigned them. They are expected to do two things: FIRST—To extend a cordial invitation to those not identified with Sunday School or Church to become so, but in no case to specify a particular Church. SECOND—To gather on uniform blanks, such simple information concerning each home as will enable pastors and other church workers to intelligently follow up the visit.
